The Carlisle Turf Smart® tires provide supreme traction, turf protection, and durability for all of your grounds care needs. Traction is enhanced through an innovative tread design featuring a self-cleaning Groove Ejection System which keeps the tread pattern fully engaged with the turf. Carlisle's advanced, turf-friendly design provides the consistent performance required by grounds care professionals.

#### Self-Cleaning Tread

- Unique Groove Ejection System (G.E.S.) delivers improved traction

#### Enhanced Traction for Slope and Incline Mowing

- Offset tread design provides grip on steep slopes

#### Optimal Turf Protection

- Enlarged contact patch where the tire meets the turf increases surface-to-surface contact for improved traction and better vehicle weight distribution

#### Durability

- Based upon the proven success of our Turf Master® and Multi-Trac C/S® product lines, Turf Smart provides a puncture-resistant design built to withstand the toughest turf care environments
